DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-50 are rejected under 35 U.S.C. 102(b) as being anticipated by Dewey, Jr (3,853,407). Dewey Jr discloses the claimed invention. See figure 1 for the mounting system comprising at least one post (24), a first element (25) and a second element (26). A close inspection of figure 1's element (24) shows a second hollow post at least partly within a first hollow post, as claimed by applicant.
